Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we will focus on building healthy relationships, a positive school climate, and a safe learning environment for all Prince Charles students. We will encourage students to understand and appreciate diverse perspectives and identities, to empathize with others, to listen, and to resolve conflict peacefully. This will encourage students' sense of belonging.

Throughout the year, we will:

1. Develop a Bullying Awareness and Prevention presentation for parents, staff and students that highlights a clear definition between conflict and bullying, the Essential Conditions for Learning, and the Universal Ways to Address Concern.
2. Encourage educators to create safe learning environments for all students, where students feel free to express their ideas, values, and needs with others.
3. Provide a four-step problem-solving model to help students deal With incidents of conflict and bullying.

Community/Home Connections

Ask your child about one positive act of kindness they did throughout the day.

Encourage your child/children to use their voice for advocacy.
